

HIGH OUTPUT ALTERNATORS

- Brand new units, no core / surcharge.
- 24V / 190A up to 600A and 12V / 240A up to 420A.
- Modern dual internal fan and high efficiency hairpin stator design options available.
- Environmental e-coating protection against corrosion.
- Popular J-180 and SAE Pad mount options.
- Insulated return options available.
- OE quality and performance approved.
- Direct drop-in replacement, 100% compatible.
